MESSAGE FROM THE PRINCIPAL

"People fail not because of lack of ability but because of lack of direction, dedication and desire" the famous line was said by a famous person Eleanor Roosevelt. Most of our students are unable to fulfill their aim or even some of them are ignorant to take up aim for their life for which they can not succeed in their life even after having powerful potential in their mind. Every student has powerful potential of becoming a successful person but due to not getting required direction, inspiration and proper guidance, many of them have to fail. Thus, paying attention on all those aspects, a new educational institution named NRDS COLLEGE has come into being among us with certain aims and objectives of upliftment and equipping the growing students with the required knowledge to make them courageous to fight against the vastly growing challenges of the highly competitive world. We everybody know that in the present time of globalization, everything has turned to complex. Today, in such a complex world it is urgently essential to acquire general knowledge of the entire world as well as effective knowledge of Information Technology. General knowledge and knowledge of Information Technology, in the contemporary world can be regarded as the two faces of the same coin. The NRDS COLLEGE is a one that has come into being to provide all those sources of knowledge to all sections of students. "Success is nothing but it is a combination of three words- hard work, perseverance and determination". It is very important for our students to understand such a secret of SUCCESS. Our NRDS COLLEGE has thus promised to play vital role in helping every student in every walk of their journey to their destined goal. Many of us do not know that "every student is meritorious but most students are unable to succeed in their life. This is owing to lack of proper guidance, inspiration, congenial educational institution, meticulous care of the students taken by the existing educational institutions etc. We should make the students understand that "Time and tide waits for none", Right decision at the wrong time and wrong decision at the right time lead to failure".

Thus, here comes the NRDS COLLEGE which has been established to solve any kind problem of every student. The college will emphasise on the all round development of personality, communication, spoken english with innovative methods even rather the college will incorporate education of Information Technology to make the students adapt with the present day situation of highly developed Information Technology.

Wishing SUCCESS to all the students who have got admitted in the college I have concluded my message here quoting the following famous line opined by the famous writer SHIV KHERA.....

"Winners don't do different things, they do things differently"

"With Thanks"

Bhupesh Bhagabati
Principal
NRDS College, Goreswar

MESSAGE FROM THE SECRETARY

It gives me immense pleasure that the NRDS has completed its successful glorious five years till today. I am really grateful to all well wishers, guardians, college family members and local people of every section for bestowing your full co-operation and support to our aims and objectives of imparting quality education and technical education to the students of every section. I expect your further support in the days to come so that we can serve the society furthermore and create more and more human resources from our institution. The credit of five years of successful completion of NRDS only goes to the advisers, lecturers, non-teaching staff of the college, guardians of the students, sincere well wishers and all the intellectuals and local peoples of the greater Goreswar area.

Your sincere support and full co-operation will be inspiring us to strengthen our institution in the days to come.

“With Thanks”

!!! Join NRDS For Your Bright Future !!!

ABOUT NRDS COLLEGE, GORESWAR

NRDS College is one of the major parts of NRDS Group of Institutions. NRDS group of institutions is one of the leading educational organizations propounded in 3rd June, 2007. At the very beginning this institution gave utmost priority to the development of technical as well as vocational education in rural areas of Assam including BTC areas. Through spreading such kind of education it is aimed to make every young fellow technically sound as well as to make them economically self dependant. However with the change of time the organization realized the importance of quality and value based education. As a result of which NRDS Junior College comes first as into being in 2014 with a commitment to provide quality education among the students. The main motto of the college is to impart educations of enhanced quality enabling the students for facing the growing challenges in a highly competitive world through a host of dedicated lecturers. The NRDS Junior College, Goreswar has brought excellent result in eight successive years. In this year 2023, also the College has shown excellent result in H.S. Final Examination.

In the course of time, the NRDS Group of Institutions introduced another new chapter in 2016 by starting Degree Section at Goreswar in order to broaden the scope of imparting relevant education to the students. Over and above another main objective of the college is to produce "A" Class Officers like ACS, IAS, IPS etc. from our lagging behind rural areas specially from BTC. Moreover, NRDS Degree College, Goreswar came into being with a commitment to provide a conducive environment for career building under personnel care of a competent group of faculties.

Thus, as development in general education through proper guidance of our colleges in various areas, We NRDS group of Institutions also tried to provide digital literacy in computer education and other IT education with ISO certificate for obtaining Govt. and Private jobs for students through our NRDS IT branches to make them technically sound skill worker and smart one.

Finally, here in NRDS College we promise to provide value and moral based education with innovative venture and modern practice for all round development of the student community.

MISSION & VISION

- ↳ To impart education of enhanced quality enabling the students for facing the growing challenges in a highly competitive world through a host dedicated teachers.
- ↳ To mentally prepare the students for appearing boldly in struggles for life.
- ↳ To create scientific temperament and humanitarian values among the students.
- ↳ To bring awareness and understanding regarding social problems among the students through Extension Education.
- ↳ To develop overall personality of the students by encouraging them to participate in games, sports and other co-curricular activities.
- ↳ To equip the students with required knowledge of different competitive exams so as to make them adequately competent to crack any kind job related competitive exams.

AIMS & OBJECTIVES

Education, in the present day context of the advancement of science and technology, has turned almost imperative with ever growing incentives for competition. The result is the growth of institutions offering education and a very few institutions going at large for quality education in the fields of arts. The continuous trend of uninterrupted inflation has reflected itself in the rising of price index day by day for which higher education has gone almost beyond the reach of the average citizens. So, our motto is to provide quality education to all at an affordable condition. We are promising to develop human resources through innovative teaching and learning process.
